

3 October 2011

Dear Sub,

Thanks for taking on my classes today. Some tips for the day: You're going to use the smartboard in the band room, so to have access to the files you'll need don't sign me off of the band room computer.

The Projector on the smartboard sometimes shuts down unexpectedly, so I would not start it up until a few minutes before class to conserve its usefulness. If the projector shuts down during class (it's usually good for at least an hour before it does this), you may have to wait 5-10 minutes, and it's light will come back on, ready to be used again.

You'll also have to turn on the sound system, which is located to the left of the computer (on top of a speaker) in the band room. There is a toggle switch on the bottom right of the unit, and then a switch on the back of the mixing board on the right hand side (Mr. Runner can help you if you can't figure this out – he's the chorus teacher and he's located across the hall). There is a white cable that should be plugged into the headphone jack on the front of the computer. The volume is controlled by the master volume switch on the mixing board, which is the knob on the bottom right hand side. The kids can probably help, too, since they've seen me set it up before. Here's my schedule for today:

7:22-8:09 – 7th grade music

8:11-8:59 – 7th grade music

9:00-10:29 – Sr. High Band

10:42-11:32 – Jr high band

11:32-12:17 – your lunch

12:22 -1:37 – Sr. High Band

Both 7th grade music classes are expecting a quiz today. Please tell them the quiz is postponed until Tuesday. Instead, they should watch the videos I've posted on the band website (under the title "SUB-PLANS" – link in the navigation menu on the left hand side) www.ewgbands.com (link on the left to Sub Plans). There are 6 videos, and they should last the entire period. You may not finish all of the videos, which is fine. They will need to write some comments on each video in their notebook, and there is a powerpoint slide that they need to do this. I've posted it to the bottom of the web page. They will copy some of this information down before you start the first video (they are familiar with this format – we do it every day).

The Sr. High Band actually starts at 8:44am, but to avoid being double scheduled in the band room, they first meet in the Sr. High cafeteria. You'll have to go get them and bring them into the band room. They are to have a study period for today, but please make these announcements: Sr. High Jazz Band is cancelled tomorrow morning (Tuesday, 10/4). Also, All-State registration is open on the band website, and will be open until Friday at the close of school. Anyone auditioning should bring in a check for \$15, made out to POPS, to Mr. Charest by this Friday. No check, no audition!

The Jr. High band is 50 minutes today, and they can watch the Blue Man Group DVD, which is on the third shelf in the music office. At least one student is expecting to get extra help from me during lunch today, but unless you play an instrument, just send them to 3d lunch with the rest of the band.

The second Sr. High Band should also get the same announcements as the first, and be allowed a study hall. There's no double scheduling conflict for them, so they will report directly to the band room.

If you need any help today, you can ask Ron Runner, the chorus teacher, who is located across the hall in the chorus room, and you can also ask Lisa Borges, the computer teacher in the Jr. High, who is located down the hall in the J-12 computer lab.

Best,
Gregg
